Shareholders exercise their influence over the company at Annual General Meetings of Shareholders, Probi's highest decisionmaking body. The AGM is held within six months of the end of the financial year. Official notification of the Meeting is sent not earlier than six weeks and not later than four weeks prior to the Meeting. All shareholders listed in the shareholder registry and who registered their interest are entitled to participate in the Annual General Meeting and vote. Each share carries one vote.

The Annual General Meeting was held in Lund on May 5, 2022. The Board of Directors, auditors and Nomination Committee were elected at the AGM. The Board of Directors was authorized during the period prior to the 2021 AGM, on one or more occasions, to:

This authorization includes the right to resolve to disapply the shareholders' pre-emptive rights and that payment is to be made in cash, in kind, or offsetting debt. When disapplying the shareholders' pre-emptive rights, the issue price is to be set on normal market terms. The authorization corresponded to approx. 10% of the share capital and the number of votes at the time of the decision. The Board did not exercise this authorization during 2022.

The Board's work and rules of procedure

The Board is ultimately responsible for Probi's organization and the administration of the company's affairs. The Board decides whether to appoint or dismiss the CEO, and on major organizational and operational changes. The Board's duties also include evaluating and determining strategies, business plans and budgets. The Board also adopts quarterly reports, year-end reports and annual reports.

Every year, the Board evaluates the CEO's performance in relation to the identified long and short-term objectives. In conjunction with this, the CEO's objectives for the coming financial year are set. No representative from executive management participated in this evaluation.

The Board annually prepares a procedure regulating the division of work and responsibilities between the Board, Chairman and CEO. The work procedure also defines the spheres of responsibility of the Audit and Remuneration Committees. This work procedure is adopted at the Board's statutory meeting, which is held in conjunction with the AGM.

The Chairman of the Board is responsible for continuously monitoring the company and ensuring that all Board Members continuously receive the relevant information for making decisions and evaluating Probi. The Chairman must consult with the CEO on strategic issues, supervise Board meetings and ensure that Board matters do not contravene the regulations regarding conflicts of interest stipulated by the Companies Act. The Board annually establishes instructions for the CEO. These include guidelines for the ongoing administration, accounting and asset management and internal control of the company. These instructions also cover the CEO's authorizations and disclosure requirements towards the Board.

The Board is to convene no fewer than four scheduled Board meetings distributed equally during the year and hold one statutory meeting. In addition to regular items, the scheduled Board meetings in 2022 focused primarily on strategic and structural issues involving Probi's long-term development and growth. The Board of Directors also held a further seven minuted meetings in 2022. These meetings addressed matters relating to such items as strategic investment decisions, negotiations of commercial agreements and the adoption of quarterly and year-end reports.

Audit Committee

The task of the Audit Committee is to assist the Board of Directors in its fulfilment of the Board's supervisory obligations in terms of internal control, audits, any internal audits, risk management, accounting and financial reporting, and to prepare matters involving the procurement of audit and other services as well as preparing certain accounting and audit matters that are to be addressed by the Board. The sphere of responsibility of the Audit Committee is defined in the Board of Directors' work procedure and in the instructions for the Audit Committee. The Audit Committee maintains continuous contact with the company's auditors, who personally report their findings and observations at least twice annually. The auditors also provide information on the priority areas that future audits are to examine, while the Audit Committee informs the auditors about issues or areas that it wishes them to specifically highlight.

Charlotte Hansson was appointed Chair of the Audit Committee and Jörn Andreas was appointed a member of the Committee. The company's auditor and CFO regularly attend the Audit Committee's meetings.

Remuneration Committee

The task of the Remuneration Committee is to assist the Board of Directors by providing proposals concerning remuneration issues and regularly monitoring and evaluating remuneration structures and remuneration levels for the CEO and other members of the company's executive management. The Committee's work also includes providing proposals concerning policies for remuneration and other terms and conditions of employment for the CEO and senior executives that are to be resolved by the AGM. The sphere of responsibility of the Remuneration Committee is defined in the Board of Directors' work procedure and in the instructions for the Remuneration Committee. The Board's internal control report

According to the Companies Act and the Swedish Code of Corporate Governance, the Board is responsible for the internal control of financial reporting. This report is limited to the internal control of financial reporting.

Authorization and responsibility are documented and recognized in internal guidelines and instructions. These encompass matters such as the division of responsibilities among the Board, the Audit Committee, the Remuneration Committee and the CEO, accounting and reporting instructions and attestation instructions for the Parent Company. The purpose of the instructions in these documents is to provide reasonable assurance regarding the quality and reliability of the company's external financial reporting and to minimize the risk of irregularities and improper benefits to other parties at the expense of the company.

The Board monitors the company's financial development through reporting at Board meetings and through continuous financial reporting. The CEO is responsible for preparing and presenting reports at each Board meeting, with the following principal content for the period in question:

- Sales and market development and status of R&D projects.
- Balance sheet, income statements and cash flow statements.
- Investments and tied-up capital.
- Key ratios.
- Forecasts for current quarters and full-year.

The CEO must also, in accordance with the established time schedule, submit a financial report to the Board members.

Quality of the financial reporting

The Board is responsible for ensuring the quality of the company's financial reporting. The information submitted by executive management is continuously evaluated by the Board and the Audit Committee. In this work, it is essential to ensure that actions are taken concerning potential shortcomings that are detected and that the adopted quality improvements are implemented. The Audit Committee accounts for this work concerning contact with the company's auditor. Considering the size and risk exposure of the company, and the follow-up and control procedures, it has not been deemed warranted to establish a specific internal audit function. Each year, the question of establishing a specific internal audit function is to be addressed by the Board.

Information and communication

The Board has adopted a communication policy that specifies procedures and systems designed to ensure that Probi provides the market with relevant, reliable, correct and current information concerning the company's development and financial position.
